Data Flow Diagram — Level 2 DFD

ParSU eFeedback System — Decomposition of Process 2.0 Process Complaints

□ sub-process

□ external entity

□ data store

- - - process defined at Level 1

→ data flow (numbered, see key below)

Data Flow Key

1

Complaint Details (category, title, description)

2

New Complaint Record (BR-036/037/038)

3

Validated Complaint

4

Read Routing Rule for Category

5

Initial Assignment (system-generated, BR-050)

6

Assigned Office Reference

7

Complaint Submitted / Assigned Event

8

Ticket Number Confirmation

9

Self-Assignment Action

10

Reassignment Request

11

New Assignment Record (BR-051/052)

12

Assignment Event Entry

13

Assignment Event

14

Status Update

15

Updated Status (BR-040/041)

16

Status Change Entry

17

Status-Updated Event

18

Internal Note / Attachment Upload

19

New Internal Note (BR-063-066)

20

Attachment File

21

File URL & Metadata

22

Attachment Metadata (BR-058-062)

23

Note / Attachment Event

24

Resolve Action

25

Close / Reopen Action

26

Resolved / Closed Status & reopenCount (BR-042-046)

27

Resolution / Closure / Reopen Entry

28

Resolved / Closed Event
